About Us-

Please visit our website at www.affiliatedurologists.com to find out more about our Practice. If you would like to schedule future appointments online, you can do so through Zoc Doc. A link is available on our website. We are affiliated with Arizona Oncology Associates. Billing statements will be sent via Arizona Oncology's Central Business Office.

Insurance-

Please bring your Insurance Card(s) to your appointment. It is important that you have your correct insurance information at the time of your appointment and to notify our staff if your insurance coverage changes. **Co-pays, deductibles and co-insurances are due at the time of service.** If a referral is needed from your Primary Care Physician, please ensure they are informed of your upcoming visit. If a surgery is scheduled, we will contact your insurance to verify benefits and call you to arrange payments for out of pocket costs.

Office Hours-

Our phone hours for both locations are from 8:00 am- 5:00 pm Monday- Thursday with lunch taken between 12:00-1:00pm. We do close at 1:00pm on Friday's; however, our phone lines are open for an emergency. We always have a doctor on call 24/7. If you need to speak with your physician urgently, please call our main line and you are able to page the on-call physician. Non urgent prescription refills will not be filled after hours.

Lab and Lab testing-

We have an on-site Sonora Quest phlebotomist at our Central location for your convenience. Sonora Quest is a separate entity and lab services will be billed separately through Sonora Quest. If your insurance is not contract with Sonora Quest, we will send your lab work to Lab Corp. Please be aware we do not have any access to Sonora Quest billing and are unable to adjust the bill on your behalf. You always have the option of taking the order to a Lab facility of your choice. Ask the Medical Assistant and they will be happy to give you a copy of your lab order.

Pathology-

If you have any Pathology services performed, we will send it out to a Pathologist for reading. The Pathologist will send us back a report with their findings. The Pathologist will bill for his services separately.

E-PRESCRIBING CONSENT FORM

ePrescribing is defined as a physician's ability to electronically send an accurate, error free, and understandable prescription directly to a pharmacy from the point of care. Congress has determined that the ability to electronically send prescriptions is an important element in improving the quality of patient care. ePrescribing greatly reduces medication errors and enhances patient safety. The Medicare Modernization Act (MMA) of 2003 listed standards that have to be included in an ePrescribe program. These include:

Formulary and benefit transactions — Gives the prescriber information about which drugs are covered by the drug benefit plan.

Medication history transactions - Provides the physician with information about medications the patient is already taking to minimize the number of adverse drug events.

Fill status notification - Allows the prescriber to receive an electronic notice from the pharmacy telling them if the patient's prescription has been picked up, not picked up, or partially filled.

By signing this consent form you are agreeing that Affiliated Urologists, Ltd an affiliated of Arizona Oncology Associates can request and use your prescription medication history from other healthcare providers and/or third party pharmacy benefit payors for treatment purposes.

Understanding all of the above, I hereby provide informed consent to Affiliated Urologists, Ltd an affiliated of Arizona Oncology Associates to enroll me in the ePrescribe Program. I have had the chance to ask questions and all of my questions have been answered to my satisfaction.

FINANCIAL POLICY:

Thank you for choosing Affiliated Urologists as your healthcare provider, an affiliate of Arizona Oncology Associates. We are committed to building a successful physician-patient relationship with you and your family. Your clear understanding of our Patient Financial Policy is important to our professional relationship. Please understand that payment for services is a part of that relationship. Please ask if you have any questions about our fees, our policies, or your responsibilities. It is your responsibility to notify our office of any patient information changes (i.e. address, phone number, name, insurance information, etc.)

Because insurance coverage varies, it is important that you understand your individual health plan and what it covers, including deductibles, coinsurance and copays. We recommend that you call the customer service number on the back of your insurance card for any questions regarding your health insurance plan.

Patient Financial Responsibilities: We will bill your primary insurance company and any secondary insurance as a courtesy to you. In order to properly bill your insurance company, we require that you disclose all insurance information, including primary and secondary insurance plans, as well as any change of insurance information. Failure to provide complete insurance information may result in patient responsibility for the entire bill. We do our best to estimate your financial responsibility up front, but please understand this is only an estimate. Although we may estimate what your insurance company may pay, it is the insurance company that makes the final determination of your eligibility and benefits.

Copayments, Coinsurance, and Outstanding Balances: Copayments, coinsurance, deductibles and balances not covered by insurance are due prior or at the time services are rendered. Inability to pay at the time of service may result in having to reschedule your appointment. Payment can be made by check, cash, MasterCard, VISA, and Discover.

We cannot waive co-payment, deductibles, co-insurance or any service amounts defined as patient responsibility under the terms of our contractual agreement with your insurance plan. We are required to bill for services rendered. You will be asked to pay on any estimated out of pocket costs and past due balances at the time of check-in.

Account Balances: Our Arizona Oncology Associates billing office will provide you with a monthly statement of all account activity including our charges, payments and contractual adjustments from your insurance carrier along with payments made by you. Please be aware that you will be charged a returned check fee for all payments, made by a personal check, that have been returned by your banking institution uncashed due to insufficient funds or stopped payment. Please note that failure to pay outstanding balances that are your responsibility may result in having to reschedule future appointments until balances are resolved. In addition, any unpaid delinquent balance may (a) delay scheduling of future appointments (b) result in your account being forwarded to a collection agency or collection attorney of our choice (c) reporting you to one or more third-party credit reporting agencies, and (d) termination from the practice.

Referrals: Certain insurance plans require referrals to see a Specialist. It is your responsibility to obtain a referral from your primary care physician. Referrals must be presented at the time services are rendered, if applicable. As a courtesy, Affiliated Urologists will make efforts to obtain referrals and prior authorizations on your behalf. If you need to have a referral faxed to us, our office will provide you with our fax number. If your insurance plan requires you to have a referral or other authorization, and you fail to provide that to us, your appointment will be rescheduled or your claim for that date of service will be processed via optout benefits, if applicable.

Surgical procedures: You will be required to make arrangements to pay estimated out-of-pocket costs associated with your surgical procedure prior to services being rendered. The amount you will be required to pay will be determined based upon your individual insurance plan and will include any deductibles, co-payments and co-insurance which your insurance carrier indicates that you will owe. We do our best to estimate your financial responsibility up front, but please understand this is only an estimate. In addition, you will be required to make arrangements to pay any other outstanding balances that you may owe to us at that time. Failure to do so may result in rescheduling. You may receive separate bills for services related to your surgical procedure provided by non-Affiliated Urologists/outside providers and facilities. This includes Hospital fees, anesthesiology fees, surgical assist fees, laboratory fees, and/or radiology fees.

For self-pay patients, payment is due at check-in. The account balance is expected to be paid in full. We do our best to estimate your financial responsibility up front, but please understand this is only an estimate.

Diagnostic Testing: During the course of your medical treatment with Affiliated Urologists, including your office visit and/or surgical procedure, your urologist may request that a tissue, blood or urine specimen be obtained for the purpose of diagnostic testing. This testing is being performed in order to assist your urologist in the diagnosis and management of your urologic condition. Depending upon the requirements of your insurance coverage, these specimens may be processed at Affiliated Urologists in-house pathology laboratory or at a third-party laboratory, for example Quest or LabCorp. The costs of these laboratory tests vary depending upon the nature and complexity of each test. The cost for a diagnostic test, including the cost that you will be required to pay, if any, depends on your insurance carrier and the type of insurance coverage you have. Please note: 1) All charges for specimens processed at Affiliated Urologist’s laboratory will be included in the statement you receive from Arizona Oncology Associates. 2) Charges for specimens processed at a third-party laboratory will be billed to you directly by that laboratory.

No Show / Same Day Cancellation Policy: A \$25 missed appointment fee will be charged to you for any missed appointment where you fail to cancel a scheduled appointment at least 24 business hours prior to the time of that scheduled appointment. The fee will be your responsibility to pay and will not be billed to your insurance company.

Missed Surgeries/Same Day Cancellation Policy: A \$250.00 missed surgery will be charged to you for any missed surgeries where you fail to cancel a scheduled procedure at least 24 business hours prior to the time of the surgery. The fee will be your responsibility to pay and will not be billed to your insurance company

FMLA/Disability Form Completion: \$35.00 charge

Insurance Payment Guidelines for Erectile Dysfunction, Impotence and Infertility

As you prepare for our visit to the Physician, we must make you aware of a potential situation regarding insurance coverage for certain diagnoses and conditions which are commonly treated by Urologists. Specifically, it is possible that treatment for erectile dysfunction, impotence, infertility and related conditions may not be reimbursed by your insurance carrier. **BCBS of Arizona and Golden Rule** typically does not cover these services. BCBS of Arizona typically does not cover TESTOPEL pellets or Testosterone Injections and considers experimental. UnitedHealthCare Community Plan (formerly APIPA) does not cover TESTOPEL pellets. Please contact your insurance to find out your individual plans benefits. In this case, you will be responsible for payment for any treatment you receive related to these conditions.

While some insurance plans do cover such treatment, there is no way for us to know in advance whether your carrier will, in fact, cover you. You may wish to contact your carrier prior to your visit to determine what their policy is.

Many AHCCCS plans, including Mercy Care, do not consider Erectile Dysfunction or Infertility as a covered service. AHCCCS/Mercy Care patients will be responsible for payment for any office visits or treatment related to non covered ED/infertility services.

If you are a Medicare patient, you should know that these diagnoses are generally covered.

Also, many plans do not cover medications to treat Erectile Dysfunction. Samples are extremely limited and may only be distributed up to one time as deemed necessary by the Physician.

We ask you to sign the following statement so that there is no confusion regarding this issue:

"I understand that if I am ever treated for erectile dysfunction, impotence, infertility, or a related diagnosis, and that any of my insurance carriers refuse payment for this treatment, I am fully responsible for paying all charges incurred during the course of my treatment. I also understand ED samples (Viagra, Cialis, Levitra) are very limited and my insurance may not cover such medications."
